

Percentage of Students earning 24 credits within 2 years of enrollment

Of the students who graduate from high school in the 2010 graduating class who enroll in a public Institute of Higher Education in the State within 16 months of receiving a regular high school diploma, the number and percentage who complete at least one year's worth of college credit (applicable to a degree) within two years of enrollment in the IHE

***To provide meaningful results and to protect the privacy of individual students, data are displayed only when the number of students in any group is at least 10. Data for groups less than 10 are displayed with a tilde (~).**
